PRINCIPAL'S MESSAGE

Road safety around our school is becoming increasingly worrying!

Most days we are receiving feedback from staff, parents, local residents and even some of our students about the lack of road safety awareness around our school.

Here are some reminders of what we expect from our students:

- Don't let your child walk to school alone unless you are sure that they are going to be able to do so safely. You should walk with them and teach them how to be safe first.
- The pedestrian crossing outside the school is the only place pedestrians have right of way.
- Children should never enter the school grounds through the staff car park area or ride scooters and bikes in this space.

If you have no choice but to bring your car please remember:

- Pull into a vacant parking spot so your child can safely exit the car. Stopping in the middle of the road so your child can jump out at the crossing is not ok - it's very dangerous, especially for the cars behind you!
- Please don't stop your car in the middle of the road to allow students out of your car - this is dangerous for cars travelling behind you and can give children false confidence that all cars will stop and allow them to cross. We continue to receive reports of children walking out in front of cars without checking please don't teach our children that this is OK!
- Please only park in designated parking spots - and never across a neighbour's driveway - even if it's "just for a minute".
- Do not park on the footpath or grass berms!
- Never call your child from across the road. We expect all students and parents to use our pedestrian crossing.

BELL TIMES

8:55am	School starts
10:55-11:15	Interval
12:45-12:55	Lunch eating
12:55-1:45	Lunch playtime
3:00pm	End of day

COMITTMENT + PRIDE = SUCCESS

Haerenga ki Ohope, Whakatāne Nā Azaaria, TWA Kāhu 20

The day has finally come, the day where Kāhu 20 and Kōtuku 22 travel to Ohope, Whakatāne for our Te Whānau Āwhina Senior Haerenga. I have many highlights from our haerenga but here are my top 3.

My first highlight, my best highlight of our journey was going to Mitai Māori Village in Rotorua. When we arrived in the carpark of Mitai Village on our new school bus we were led to the wharekai. In the wharekai we were welcomed with a mihi from Matua Te Pō, our host for the evening. He shared with us what our evening will look like and then guided us to our first stop, the hangi pit where our feast was being cooked. Following that we walked through a short forest track and got to experience watching a Māori waka being paddled down the river. It was night time so everything was dark and the waka was lit up with fire torches. It was very exciting. We then made our way back to the auditorium where we enjoyed a live performance from a kapa haka group. They shared with us a story of Hinemoa and Tutanekai and sang a beautiful waiata, it was such a heart-touching experience. There were many Māori stories and traditions shared through their performance and to top it all off we ended this amazing night with a hangi dinner shared with our friends and teachers and pudding to finish it all off. Miharo!

My second highlight of our trip was being trusted by our teachers to explore and shop in the Whakatāne township in our small groups. We were very lucky to have this opportunity and we didn't disappoint them. We came across a shop filled with beautiful Māori taonga, paua, pounamu, poi and more and even spotted a couple of hokohoko shops, Matua Dudley's favourite place to shop. After looking around at shops we went to buy sushi and pork buns for lunch. After lunch we went to Pak n Save to buy snacks for our movie and pamper night. We enjoyed each and every night together.

This haerenga for Kāhu and Kōtuku gave us the opportunity to create a better bond, make connections and make new memories with our friends. This is an experience that we will forever cherish and remember.
