TERM 4 WEEK 6

⚠ School will be closing for the year on FRIDAY 13th DECEMBER at 1.00pm

PRINCIPAL'S MESSAGE

Enrolments for High School

Please ensure that you have enrolled your child for High School. You can do enrolments online for Manurewa High School and James Cook High School or you can request an enrolment pack from our school office. If you leave enrolling your child til 2025 you may find that the schools will have filled all their spaces and your child may not get in to the school even though they may be in zone.

We have given our year 8 students not yet enrolled at Manurewa High a hard copy enrolment form to bring home. Please urgently fill in and return to Manurewa High School to ensure your child secures a place for next year.

Class room changes

Class room changes ready for 2025 have taken place this week. Please note where your child's new classroom is located for the rest of 2024.

- Rm 26 Mrs Courtney Hifo has moved to Rm 1
- Rm 27 Miss Epe Laloava has moved to Rm 29
- Rm 13 Mrs Emily Wanoa has moved to Rm 12
- Rm 25 Mrs Leanne Nathan has moved to Rm 13
- Rm 1 Miss Alicia Jones has moved to Rm 19
- Rm Tui Matua Carter has moved to Rm 25
- Rm Ekaranui Whaea Noelle Adams has moved to Rm 26
- Rm Huia Matua Hone has moved to Rm 27

- Rm 12 - Whaea Sarah Moko has moved to Te Atea o Rongo (upstairs) Kākano
- Rm 19 - Whaea Grace Fakalogotoa has moved to Te Atea o Rongo (upstairs) Tipu
- Rm 18 - Whaea Letisha Sheck has moved to Te Atea o Rongo (upstairs) Māhuri

KIWICAN - POSITIVI TREE

Near the end of term 3, The Graeme Dingle Foundation asked each Kiwi Can school to come up with a community project either done within or outside of school.

The focus for our project was based on having a positive message on display within the school. So we came up with our PositiviTree! Kiwi Can leaders from Finlayson Park also came to help sketch and paint everything.

We chose a tree to represent the growth of not only our students but Clendon Park School as a whole. The students handprints were used to make the leaves of the tree - this was to make sure they were all included and so that they had a little something for them leave to behind when they move on from here.

Mental Health is something we take seriously and we just wanted to remind and reassure Clendon Park students & staff that they are important!

STORY WRITING

The lights flickered and then shut off. The sirens blared. It was coming, and we knew it wouldn't be the last time.

Leaves rustled outside, the wind gently blew through the town. It was oddly quiet. Silently, I opened the front door, my younger siblings following behind. I pressed my index finger to my lips to signal them to be quiet. They nodded and quietly followed behind me.

Making our way out the door and down the dead street, the silence was interrupted by a scream. A shatter followed after. It got someone, and if we didn't get out of there quick, we would be next. And I don't know about you, but living sounded great to me.

I turned around to do a quick head count. "One, two, three, four." I paused. "Where's Quinn?" I panicked and ran back to where we heard the scream. There Quinn was, back broken and bent over a shattered streetlight. Tears fell from my eyes.

A low growl interrupted my heavy breathing. It got Quinn.

And it was about to get me, too.

MATES PROGRAM INSPIRES YEAR 8 STUDENTS!

This year, 11 of our Year 8 students had the amazing opportunity to be part of the MATES program, thanks to Great Potentials. Every Thursday, our students met with mentors from Auckland University who helped them with their schoolwork and gave them advice to prepare for high school.

One of the highlights was visiting Auckland University for a special day. Our mentors showed us around the campus and took us to some incredible spaces, like a professional studio used for animation and film, a real chemistry lab, and a creative workshop filled with cool machines used to build robots and motors.

Our students with their amazing mentors from AUT

The day was designed to show our students what university is like and help them imagine their future there. A big thank you to MATES, AUT, and MAPS (Māori and Pasifika STEM Club) for hosting us and inspiring our students.

Next year, 16 spots will be available for Year 8 students only. Students must commit to attending every Thursday from 3-5pm throughout the year. If you're interested, see the office for more information! Don't miss out on this amazing opportunity!

A Day of Learning and Collaboration!
Our students teamed up with four other schools to problem-solve like engineers by designing boats, explore the exciting world of a film studio, and experience hands-on learning at Auckland University.

Unleashing Creativity and Innovation!
Our students explored 3D and CGI movement capture technology and experimented with weaving different textiles to create unique designs during our visit to Auckland University.
